California Professional Nutrition Education  
and Training (CAL-PRO-NET) Center

ANNOUNCES:

## EFFECTIVE TEACHING STRATEGIES

Effective Teaching Strategies (ETS) provides directors and other trainers with excellent information and skills to plan lessons and instruct staff using a variety of lesson models and teaching strategies. These skills will motivate the adult learner and bring excitement to your next training session. Teachers interested in presenting nutrition education lessons in the classroom may also attend. Participants will play an active role throughout the course and will create a poster board as a marketing tool for training activities. The ETS course provides three semester-units of optional university credit. Lead instructor will be Margaret Hughes, PhD.
