Our Work

SIREN's mission is to empower low-income immigrants and refugees through community education and organizing, leadership development, civic engagement, policy advocacy and legal services. We believe that all people regardless of legal status or nationality are entitled to essential services, human dignity, basic rights and protections, and access to full participation in society.

Our Vision

SIREN hopes for a future America in which immigrants are valued, integrated, viewed as crucial to our society, and where the human rights of all people are protected and honored.

Our Values

We believe in the **Empowerment** of low-income immigrants and refugees, therefore we practice **Community Education**.
