INTRODUCTION

Welcome to the Department of Kinesiology at San José State University! (http://www.sisu.edu/kinesiology/)

MISSION: In an atmosphere of social justice, equity, and respect for diversity, the mission of the Department of Kinesiology is to create and disseminate knowledge; engage in community service; prepare and graduate exemplary kinesiology professionals; as well as meet individual and societal needs for physical activity, sport, movement, and wellness. (11/2017)

VISION: We will be a preeminent, globally-connected kinesiology department recognized for excellence and innovation in teaching and learning, research, scholarship, creative activity, and community engagement. (10/2017)

Students are encouraged to become actively involved in their profession through classroom and laboratory experiences, internships, and extracurricular activities. Many opportunities are available for students to become professionally involved including participation in student clubs and attendance at local, regional, and national conferences. These activities facilitate networking with other students and faculty. Student clubs in the Department of Kinesiology include:

- Adapted Physical Activity (APA) Club: The APA Club is a student service organization that supports physical activity, recreation, and sport for individuals with disability at SJSU and in the community.
- **Kinesiology Ambassadors Club (KAC):** The Kinesiology Ambassadors Club is open to all kinesiology majors and minors. Kinesiology Ambassadors advocate for physical activity, health, and wellness in the community and within San José State University. The Club also promotes the major of kinesiology within San José State University and the community.
- **Physical Education Teacher Education (PETE) Club:** PETE Club members work together to assist, support, and promote the development of highly qualified physical education teachers
- **Pre-Physical Therapy Club:** The Pre-Physical Therapy Club provides community resources, peer advising, guest speakers, and volunteer opportunities for members to help them become stronger candidates for physical therapy graduate programs.
- Spartan Athletic Training Organization (SPATO): SPATO promotes the profession of athletic training and sports medicine. The organization is open to athletic training and other students interested in learning about sports medicine and athletic training, and building a professional network. SPATO helps students become aware of current topics in athletic training and prepare to be professionals in the field of athletic training.
- Sport Management Student Association (SMSA): The SMSA is an organization that seeks to provide students with the opportunity to further their knowledge of the sport industry. The organization endeavors to secure relationships with local, state, and national sport organizations to develop networking opportunities, practical knowledge, and sport industry experience.

Information about student clubs and professional conferences are posted on the KIN bulletin boards, announced in classes, and published in the *Communicator*, the KIN newsletter. For more information see the kinesiology website: https://www.sjsu.edu/kinesiology/Programs/student-clubs.php

International opportunities, including study abroad, are available through the Center for International Sport and Human Performance. For information about these opportunities, contact Dr. Shirley Reekie or Dr. Gong Chen.

The Department of Kinesiology is a charter member of the **American Kinesiology Association (AKA)**: http://www.americankinesiology.org/

Department of Kinesiology Statement of Core Values

The Department of Kinesiology adopts the following Core Values in support of our overall mission:

A balance between work and life
Quality teaching, programs, curricula
Democratic governance with opportunities for participation
Equity, fairness, and social justice
Sensitivity to diversity
Collaboration within and between our sub-disciplines
Respect for individuals and our sub-disciplines
Collegiality in the workplace.
Physically active lifestyles
Efficiency of human movement

This handbook has been compiled by the Department of Kinesiology to provide our majors with pertinent information about kinesiology as a field and a discipline, as well as kinesiology major and university graduation requirements. The handbook also includes a description of the four major components that must be completed by kinesiology students to attain the Bachelor of Science Degree at San José State University. Other pertinent information in the handbook includes a list of Kinesiology Department faculty members, student responsibilities, and specific curricular requirements for the specializations within the Department.

While the currency and accuracy of this handbook is carefully regulated, students should recognize that the official record of their curriculum is in the San José State University General Catalog, which was in effect at the official time they started their program. In addition, while the Department provides individual advisors for students majoring and minoring in kinesiology, as well as documents such as this handbook, students are personally responsible for maintaining accurate and current information concerning the Department, their curricular programs, and degree requirements. https://catalog.sjsu.edu

WHAT IS KINESIOLOGY?

Kinesiology is the academic discipline concerned with the art and science of human movement. This discipline encompasses the study of the human organism in work, play, games, sport, aquatics, dance, and other forms of human movement. Specific sub-disciplines within kinesiology are: Philosophy, History, Sociology of Sport and Physical Activity, Psychology of Sport and Exercise, Sport Management, Biomechanics, Exercise Physiology, Motor Development, Motor Learning, Motor Control, and Adapted/Physical Education Teacher Education. Careers in areas related to kinesiology are many and varied. Listed below are some potential career areas related to kinesiology.

CAREER AREAS RELATED TO KINESIOLOGY

Public Schools

Athletic Administrator Teacher of Physical Education

Athletic Coach Teacher of Adapted Physical Education

Athletic Trainer

Colleges and Universities

Same as Public Schools, plus:

Intramural Director

Sports Information Director

Sport and event management, including facilities, equipment and ticketing

Teacher and/or researcher in:

Adapted Physical Education Measurement & Evaluation Philosophy of Sport & Movement

Athletic Administration Motor Control Sport/Exercise Psychology

Biomechanics Motor Development Sociology of Sport Exercise Physiology Motor Learning Sport Management

History of Sport & PE Pedagogy/Physical Education

Professional Athletics

Many of the above plus:

Athlete Strength and Conditioning Coach

Facilities Manager Sport Psychologist

Other Public Enterprises

Many of the above plus:

- Cardiopulmonary Rehabilitation Programs
- Fitness, Health, Stress Management, Weight Control Counselor
- Manager/Employee of Health/Athletic/Fitness Club, Resort, YMCA, or Sports Medicine Clinic
- Biomechanical Analyst
- Early Education Movement Specialist (preschools, child development centers)
- Adult Education Movement Specialist (retirement centers, outreach programs)
- Recreation Director or Sports Leader for club, church, hospital, penitentiary, camp, or other private or public agency
- Private Fitness or Sports Instructor/Coach
- Sporting Goods Salesperson

Medicine

Cardiopulmonary Rehabilitation Occupational Therapy Play or Movement Therapy

Diagnostic Exercise Testing Physical Therapy Sports Medicine
Developmental Physical Educator Physician Assistant Chiropractic

SJSU DEPARTMENT OF KINESIOLOGY

San José State University is the oldest public institution of higher education in California and is located in Santa Clara Valley, the heart of Silicon Valley. The Department of Kinesiology at San José State is housed within the College of Health and Human Sciences (CHHS) and offers a diverse curriculum related to human movement, physical education, and sports. Classes are taught by highly qualified specialists who are dedicated to the success and well-being of students. Coursework often involves laboratory or practical experiences. These kinds of experiences are facilitated by fully equipped laboratories in exercise physiology, biomechanics, athletic training, motor learning, stress management, and qualitative research. These labs contain state-of-the-art equipment such as biomechanical force plates, digitizers, and high-speed filming equipment; metabolic carts; electrocardiographs; a DXA scanner, hydrostatic weighing tank, as well as an array of computer systems and related software. Classes are instructed in laboratories, classrooms, gymnasia, pool/aquatic areas, and outdoor field and court areas.

The Department of Kinesiology offers 2 degrees:

- 1) Bachelor of Science (B.S.) Kinesiology and
- 2) Bachelor of Science (B.S.) Kinesiology, Preparation for Teaching

Kinesiology majors working toward the **B.S. Kinesiology** must select one of the following specializations:

Exercise & Fitness Specialist
Rehabilitation Science
Inclusive Physical Activity in Communities (IPAC)
Sport Management and Culture
Individualized Studies
Transfer Curriculum Studies (only for those with AA-T in Kin degree)

Students pursuing a K-12 teaching career will work toward the **B.S**. **Kinesiology, Preparation for Teaching** degree.

All specializations available in the Department of Kinesiology (KIN) are described in the specialization section of this handbook. As depicted in the table, completion of the KIN specialization coursework, or coursework specific to the Kinesiology, Preparation for Teaching major, is only one of four major steps required to attain the Bachelor of Science (B.S.) degree in Kinesiology or B.S. degree in Kinesiology, Preparation for Teaching. The remaining three steps include completion of all required GENERAL EDUCATION COURSEWORK, completion of the KIN CORE CURRICULUM (detailed later in this handbook), and satisfying the international experience requirement. These steps are more thoroughly examined in "The Four Major Components required to attain a Bachelor of Science degree in the Department of Kinesiology" section of this handbook. Completion of the four steps as outlined in this advising handbook results in a 120-unit degree program; a minimum of 120 units must be completed with a passing grade to satisfy the university graduation requirement.

The Department of Kinesiology prides itself on academic honesty. Students should be fully aware of the University's policy on academic integrity (refer to University Catalog). Questions concerning plagiarism, academic dishonesty, or the level of collaboration permitted on individual and group projects should be directed to the course instructor.

STUDENT RESPONSIBILITIES REGARDING COMPLETION OF A MAJOR PROGRAM IN THE DEPARTMENT OF KINESIOLOGY

I. Upon finalizing your decision to study at San José State University in the Department of Kinesiology, make an appointment to speak to the Advising Manager for an orientation to the Department. If you are not receiving department emails, contact kinesiology staff in the main office and request to have your email address added to the student distribution list.

II. Each semester:

- A. Use the SJSU website to check the schedule of classes.
- B. Make an early appointment (well in advance of registration for next semester) with your assigned departmental academic advisor to check your schedule for the subsequent semester and clear up scheduling questions.
- C. Continue to consult with your academic advisor concerning problems and questions. Communicate!
- D. Check the KIN bulletin boards in the Spartan Complex (SPX) weekly for announcements and/or academic deadlines that may be posted.
- E. Make sure all of the prerequisites for your courses have been met. Prerequisites are noted in the SJSU Catalog. This is YOUR responsibility.

III. Sophomore Year/Junior Transfers:

- A. Make sure prerequisites to upper division courses are being satisfied. Transfer Students: **COURSE DESCRIPTIONS MUST BE PROVIDED FOR NON-ARTICULATED COURSES.** Contact the Kinesiology Advising Manager if any of your prerequisites are not articulated.
- B. Students may need to complete the Application for Review of Coursework from Other Institutions to have Kinesiology **major** coursework approved that was completed at other institutions.
- C. Currently (Fall 2020-present), the **Writing Skills Test (WST)** is suspended. Take the Directed Self Place (DSP) as soon as possible after completing the requirements. Registration for the WST requires completion of an English 1A course (GE Area A2) and a critical thinking course (GE Area A3) with a "C" or better. Information about the WST is available at the Testing Office http://testing.sisu.edu/wst/.

IV. Junior Year:

- A. Meet with your assigned department advisor to confirm that you are satisfying all requirements within your selected specialization/degree.
- B. It is strongly suggested that students complete KIN 100W in their junior year. Although this is not mandatory in the junior year, KIN 100W must be completed to fulfill graduation requirements.
- C. In the semester in which you will have completed *90 units of coursework*, review MyProgress to ensure your course audit is correct and complete the online Application for Graduation available through MySJSU. Due date for submitting these forms is 4 weeks after the first day of classes each semester (one year in advance of graduation date).

V. Senior Year:

A. Maintain an awareness of all other pending deadlines. For example, pay attention to graduate school or Single Subject Credential Program application deadlines if pursuing those routes.

The Four Major Components Required to Attain a Bachelor of Science Degree in the Department of Kinesiology

There are four major components which students are required to complete in order to obtain the Bachelor of Science Degree in Kinesiology or Bachelor of Science Degree in Kinesiology, Preparation for Teaching at San José State University. These components are diagrammed schematically below and described in detail later in the handbook. For more detailed information about these components, consult with your assigned department academic advisor.

Diagram of the Four Major Components (120-unit Degree Program)

| General | Core in | B.S. Kinesiology (38 units) | International Experience |
|---------------------------|-------------|--|---|
| Education | Kinesiology | Choose Specialization Below | (Starting Fall 2016) |
| KIN Major | (23 units), | Exercise and Fitness Specialist (p. 15) | To satisfy the Department |

| | | | ce |

THE FOUR MAJOR COMPONENTS

COMPLETE GENERAL EDUCATION & MAJOR PREREQUISITE COURSEWORK

The first step to completing the Bachelor of Science Degree in Kinesiology or Bachelor of Science Degree in Kinesiology, Preparation for Teaching is completion of the General Education coursework. Since this curriculum is composed of a minimum of 51 units of coursework, the majority of courses taken during the freshman and sophomore years will be General Education. Basic Skills (A1, A2, A3, B4) classes must be passed with a C- or better (CSU graduation requirement) and 100W (SJSU Studies Area Z) must be passed with a C or better. For specific information concerning the General Education curriculum, consult this portion of the SJSU website: http://info.sjsu.edu/static/catalog/policies.html.

The following notes are of importance:

- All pre-requisite classes must be passed with a C- or better
- CHEM 30A (C- grade or better, fulfills Area B1 of Core GE), or a more advanced Chemistry course, is a graduation requirement for all KIN majors.
- A math course in Area B4 of Core GE (C- grade or better) is a graduation requirement for all KIN majors.
- Biology 65 or Biology 65O, Human Anatomy, and Biology 66, Human Physiology (C- grade or better, fulfills area B2 and B3 of core GE) are required of ALL Kinesiology majors.
- Currently, the Writing Skills Test (WST) is suspended. Take the Directed Self Placement (DSP) as soon as
 possible after completing 60 units of undergraduate coursework. Registration for the WST requires
 completion of an English 1A course (GE Area A2) and a critical thinking course (GE Area A3) with a "C-"
 or better. Testing Office http://testing.sjsu.edu/wst/
- KIN majors **must** take 100W (Area Z, Written Communication II) in the **KIN** department (KIN 100W) and earn a grade of C or better (C- not accepted per university policy).
- GE coursework (upper or lower division) may be counted as electives in Kinesiology. For example, KIN 163 (Area R) and KIN 169 (Area S) may be used to fulfill kinesiology elective and SJSU Studies requirements as long as the student will have met the 120-unit SJSU graduation requirement by the end of their coursework. For a complete list of classes that fulfill SJSU Studies, see the SJSU GE website: https://sjsu.edu/general-education/ge-requirements/upper-division.php. NOTE 1: For the Rehabilitation Science specialization, if Chem 1A is used as a course in support of the major (KIN pre-req), the Chem 30A course in support of the major requirement will be waived. Note 2: Stat 95 may only be used as a guided elective if it is NOT used as a course in support of the major to satisfy the Math B4 requirement (dept policy passed SP18).
- KIN 101 may NOT be used for kinesiology major or minor credit. KIN 101 (Area S) may only be used to satisfy an SJSU Studies requirement.
- Majors should have, for their personal reference, access to online coursework transcripts completed at a community college or other 4-year institution.

II. COMPLETE THE REQUIRED CORE CURRICULUM IN KINESIOLOGY

The KIN core curriculum is comprised of KIN 70 and upper division coursework. For that reason, most KIN majors do not begin consistent enrollment in KIN core coursework until their junior year. The first two years of study typically involve completion of General Education coursework.

CORE CURRICULUM (23 UNITS):

All Kinesiology students, regardless of their specialization, must complete the following curriculum. **STUDENTS MUST PASS ALL CORE, ACTIVITY, AND SPECIALIZATION CLASSES WITH A GRADE OF C- OR BETTER.** Students who do not meet this minimum standard will be expected to retake the course. It is the student's responsibility to register for the course. Students retaking a course, no matter their status, will not be given special consideration for enrollment (adding) in following semesters. (Refer to the University General Catalog requirements for retaking a course through grade forgiveness.)

A. Lower Division (3 Units):

| Course # | Course Title | Units | Prerequisites |
|----------|-----------------------------|-------|---------------|
| KIN 70 | Introduction to Kinesiology | 3 | N/A |

B. Upper Division (20 Units): KIN 70, completion of GE Math Area B4, BIOL 65 or BIOL 650, BIOL 66, and CHEM 30A are prerequisites for upper division KIN courses and are required for graduation. CPR certification is strongly recommended by the time of graduation.

| Course # | Course Title | Units | Prerequisites (C- or better) |
|----------|--|-------|----------------------------------|
| KIN 155 | Exercise Physiology | 3 | KIN 70; Math Area B4; CHEM 30 |
| | | | A; BIOL 66 |
| KIN 158 | Biomechanics | 3 | KIN 70; Math Area B4; BIOL 65 or |
| | | | BIOL 650 |
| KIN 160 | History of Sport & Physical Education | | KIN 70 |
| or | | | |
| KIN 161 | Philosophical Perspectives of Sport | 3 | KIN 70 |
| or | | | |
| KIN 164 | Social Cultural Perspectives | | KIN 70 |
| KIN 165 | Motor Development | | KIN 70 |
| or | | 3 | |
| KIN 166 | Motor Learning | | KIN 70; BIOL 66 |
| | | | |
| | [note: some specializations require both KIN | | |
| | 165 & KIN 166, so the student will take one to | | |
| | satisfy the core requirement and the other to | | |
| | satisfy the specialization requirement] | | |
| KIN 175 | Measurement and Evaluation | 3 | KIN 70; Math Area B4 |
| KIN 185 | Senior Seminar | 1 | KIN 70; senior status |
| KIN | KIN Activity Courses | | See next page for movement area |
| KIN | (4 activity courses from 4 of 6 different | 4 | categories |
| KIN | movement areas – see page 13) | | |
| KIN | | | |

Note: The 4 activity courses are <u>in addition</u> to the 2 unit physical education university graduation requirement. (Back to Areas of Specialization)

ACTIVITY COURSE MOVEMENT AREAS

For activity courses in KIN major and KIN minor**

| Area 1 Combatives | Area 2 Fitness | Area 3 Dance | Area 4 Individual/ Dual | Area 5 Team | Area 6 Adventure |
|-------------------------------|-----------------------------------|----------------------------------|-------------------------------|--------------------|------------------------|
| Aikido | Aerobics | Ballet | Archery | Basketball | Hiking/ Backpacking |
| Brazilian Jiu Jitsu (BJJ) | Body Sculpting | Latin | Badminton | Ice Hockey | Kayaking |
| Judo | Cardio Kickboxing | Line/Country Western | Bowling | Rugby | Sailing |
| Karate | Cross training | Lindy Hop/Night Club Swing | Golf | Rowing | Scuba |
| Self-Defense | Fitness Walking | Jazz | Gymnastics | Soccer | |
| Tae Kwon Do | Jogging | Modern | Handball | Volleyball | |
| | Pilates | Social | Ice Skating | Water Polo | |
| | Step Training | Тар | Racquetball | Athletics: Team | |
| | Tai Chi | | Swimming | | |
| | Weight Training | | Table Tennis | | |
| | Yoga | | Tennis | | |
| | Adapted Physical Activities | | Water Safety Instructor | | |
| | | | Athletics: Individual | | |
| activity course descriptions: | | | | | |

https://www.sisu.edu/kinesiology/Students/activity-and-gen-ed-classes/index.php

NOTES: (1) Because the KIN Department believes that the benefits of physical activity are obtained more by process than by product alone, the 4 unit activity requirement for the major core cannot be challenged. (2) The activity requirement for the KIN major core requires students to take 4 different activities in 4 different movement areas regardless of the unit value assigned. (3) Transfer activity classes will likely count for major credit; please check with your advisor. 4) **KIN-Prep for Teaching majors are required to take one class from 8 movement/activity areas: Adventure, Dance, Fitness, Gymnastics, Individual/Dual, Racket, Self-Defense, Team

Department policy (passed 2021): Kinesiology majors must fulfill the University Physical Education requirement and complete activity courses from four different movement areas. Athletics courses will only count toward the University Physical Education requirement and satisfy one of the four movement areas required for Kinesiology majors.

III. COMPLETE COURSEWORK FOR A SELECTED AREA OF SPECIALIZATION IN KINESIOLOGY

Specialization coursework, along with the Kinesiology Core courses, is typically undertaken during the junior and senior years following completion of General Education requirements. Specialization coursework can be taken simultaneously with the Core Curriculum.

In our department, you have the possibility of earning one of two degrees: **B.S. Kinesiology** (with one specialization) and **B.S. Kinesiology**, **Preparation for Teaching**.

The final cohort for the B.S. Athletic Training was admitted Fall 2019.

SJSU Professional Athletic Training Program (ATP) is accredited until 2029 by the Commission on Accreditation of Athletic Training Education (CAATE), 2001 K Street NW, 3rd Floor North, Washington, DC, 20006. Due to preparation of AT degree change, our ATP has chosen to voluntarily withdraw current accreditation, effective December 25, 2021.

Earning a **B.S.** in **Kinesiology** requires successful completion of one of the following five specialization areas:

Exercise & Fitness Specialist
Rehabilitation Science
Inclusive Physical Activity in Communities (IPAC)
Sport Management & Culture
Individualized Studies
Transfer Curriculum Studies (Only for students with an earned AA-T in Kinesiology)

Earning a **B.S.** in Kinesiology, Preparation for Teaching degree requires successful completion of the Kinesiology, Preparation for Teaching curriculum.

For a Bachelor of Science degree in Kinesiology or Kinesiology, Preparation for Teaching, students must successfully complete all General Education requirements (Core and SJSU Studies), the kinesiology core coursework, as well as the required coursework in one of the specializations or Preparation for Teaching curriculum.

IV. COMPLETE THE KINESIOLOGY INTERNATIONAL EXPERIENCE REQUIREMENT

To satisfy the Department of Kinesiology international experience requirement, students have the option of completing a study abroad program for at least nine days in an approved program; exemptions and alternatives must be approved by the dean of the College of Health and Human Sciences (i.e., based on compelling individual life experiences or physical limitations). Specific details can be found on the college website at: www.sisu.edu/chhs/students/international-experience.

Exercise and Fitness Specialist Specialization

- 1. This area of specialization includes coursework to develop knowledge and skills to work in corporate fitness, as a personal trainer, in clinical exercise programs, and a variety of other fitness and exercise related professions.
- 2. To fulfill GE areas B4 and D1, STAT 95 and PSYC 1 are recommended.

| Course # | Course Title | Units | Prerequisites (C- or better) |
|------------|---|----------|---|
| KIN 147 | Biomechanical Assessment of Movement | 3 | KIN 158 |
| KIN 151 | Sport and Fitness Marketing (fall only) | | KIN 70 |
| or | | | |
| KIN 152 | Theory of Sport and Fitness Management | 3 | KIN 70 |
| or | | | |
| KIN 153 | Sport Facility and Event Management | | KIN 70, KIN 152 |
| KIN 154 B | ECG Interpretation & Graded Exercise Testing | 3 | KIN 70, KIN 155 |
| KIN 157 | Physiological Assessment | 3 | KIN 70, CHEM 30, BIOL 66; KIN 155 |
| KIN 162 | Advanced Fitness Assessment & Exercise Prescription | 3 | KIN 70, KIN 155 |
| | (fall only) | | |
| KIN 165 | Motor Development | 3 | KIN 70 |
| or | (whichever not taken in KIN core) | | |
| KIN 166 | Motor Learning | | KIN 70, BIOL 66 |
| KIN 167 | Sport Psychology | 3 | PSYC 1 |

Rehabilitation Science Specialization

- 1. This area of specialization is designed for students who are interested in allied health professions, such as physical therapy, chiropractic, and physician's assistant. Coursework is designed to develop knowledge and skills in order to pursue a future in physical therapy, chiropractic, medical school, or other health or rehabilitation careers.
- 2. To fulfill GE areas B4 and D1, STAT 95 and PSYC 1 are recommended.
- 3. For students applying to PT school or PTA school, Biol 129 and KIN 187 are recommended.

Inclusive Physical Activity in Communities Specialization

The Inclusive Physical Activity in Communities (IPAC) area of specialization prepares students to work and teach in the community, with an emphasis on working with special populations, particularly individuals with disabilities and older adults. This specialization can also serve as undergraduate-level preparation for a Master's in Occupational Therapy (please see note after the listed required coursework). This curriculum provides students with the specialized skills and knowledge to provide effective service delivery to individuals with disabilities, older adults, and other diverse populations in a physical activity setting. Students in this area of specialization will develop competencies in planning, assessing, coordinating, implementing, evaluating and advocating appropriate inclusive physical activity across the lifespan. Coursework in the IPAC specialization prepares students for careers in a variety of fields including: infant/toddler programs, physical activity for older adults in recreation or residential facilities, spinal cord injury rehabilitation centers, aquatic facilities, residential/seasonal camps, health/fitness clubs, disability sport programs, and after school/community transition sites.

^{**}SJSU Pre-OT students must have completed prerequisites before applying for the OT Entry-Level Master's Program; these courses satisfy select prerequisites. *All SJSU OT Entry-Level Master's Program prerequisite coursework must be passed with a grade of B or higher to count toward completion of the OT prerequisites.* Complete information about the OT Entry-Level Master's Program is available in the Occupational Therapy, MS section of the catalog and at www.sisu.edu/occupationaltherapy/advising.

Individualized Studies Specialization

This area of specialization is designed to provide students with the opportunity to develop an individualized program of study. This pathway to the baccalaureate degree may be of particular interest to students needing considerable flexibility in designing a program of study to facilitate pursuit of an advanced degree or a specific career (e.g. sport broadcasting). All coursework beyond the core must be selected in consultation with the student's academic adviser and is expected to form a coherent program of study that meets the student's personal and professional goals.

| Course # | Course Title | Units |
|----------|--|-------|
| KIN 198 | Internship in Kinesiology | 1-3 |
| | Upper Division Kinesiology Coursework selected in consultation with the student's academic advisor | 18 |
| | Upper or Lower Division Electives in Kinesiology or a related field selected in consultation with Departmental Advisor | 17-19 |
| | TOTAL UNITS | 38 |

- 1. The curriculum should evidence breadth and depth of understanding in a specific area of interest within the field of Kinesiology.
- 2. The program should exhibit a specific area of interest within Kinesiology as a focal point.
- 3. The program should include 18 upper division kinesiology coursework units (in addition to the core requirements), which includes 1-3 units of internship/fieldwork. The program should include 17-19 upper or lower division electives in kinesiology or a related field selected in consultation with departmental advisor.
- 4. The program should conform to the career objectives submitted as a part of the formal Individualized Studies Proposal.
- 5. All courses should be adequately justified as a logical inclusion in this program.
- 6. The program must be submitted at least 30 units prior to the student's anticipated graduation date.

Sport Management and Culture Specialization

- The purpose of the Sport Management and Culture (SMC) specialization is to provide an
 interdisciplinary understanding of sport management with a particular focus on social and cultural
 issues. Social justice and diversity issues will be highlighted from a critical cultural studies perspective.
 Additionally, students interested in sports studies will also gain a background in sport management,
 strengthening their professional preparation.
- 2. To fulfill GE areas B4 and D1, STAT 95 and PSYC 1 are recommended.

| Sport Management & Culture Subcore | | | | |

Transfer Curriculum Studies Option

This pathway to the baccalaureate degree in Kinesiology is specifically designed to meet California Law (STAR Act: SB1440) regarding unit requirements following transfer into San José State University from a community college in California. This option enables transfer students who enter with a completed 60-unit Kinesiology transfer curriculum to develop, in collaboration with their Kinesiology academic advisor, a program of study that meets their personal and professional goals. Students are required to have earned an AA-T or ADT in Kinesiology to pursue the transfer curriculum studies option in the Department of Kinesiology.

| Course # | Course Name | Units | Prerequisites (C- or better) |
|---|-------------|-------|--|
| KIN 198 | Internship | 3 | Upper division status; minimum overall GPA 2.0; KIN 70 or instructor consent; Kinesiology Internship Manager approval required |
| KIN upper division electives | | 15 | Kin 70 |
| Electives (upper or lower division) | | 3 | |
| CHEM 30a or Kin upper/lower division elective | | 3 | |
| Total | | 24 | |

All students pursuing this option also need to complete the following, for a total of 60 units:

21 Units Kinesiology Core Courses

9 Units SJSU Studies/American Institutions

3 Units KIN 100W

3 Units CHEM 30A or University Elective

Note: The Kinesiology Transfer Model Curriculum (TMC) Coursework completed prior to transfer will meet the KIN 70, Human Anatomy (BIOL 65 or BIOL 650) and Physiology (BIOL 66) requirements at SJSU, and will include 3 activity courses from 3 different activity areas. In addition, the GE B4 math course will be completed as part of the GE lower division requirements.

Kinesiology, Preparation for Teaching (for B.S. Kinesiology, Preparation for Teaching)

This **major** is designed for students interested in becoming physical education (PE) and/or adapted physical education (APE) teachers in kindergarten through 12th grade (K-12) schools. The purpose of the Kinesiology, Preparation for Teaching (KIN-Prep for Teaching) program is to prepare students to be well-rounded physical activity professionals, to teach, coach, motivate, and shape the lives of K-12 students. Students in the KIN-Prep for Teaching program learn and practice a wide range of skills, including how to integrate technology, assess learning, design lessons, and modify instruction to meet the unique needs of their students, including students with disabilities. Completion of this major also fulfills most of the coursework required for the Adapted Physical Education Added Authorization (APEAA).

Note: To attain a single subject credential in Physical Education with or without the APEAA, students must complete a post-baccalaureate credential program. Students must have a GPA of 2.75, either cumulative or in their last 60 units earned, to be accepted to the credential program. More information about the credential program at SJSU, including other application requirements can be found here: <u>Academics</u> | <u>Teacher Education</u>

| Course # | Course Title | Units | Prerequisites (C- or better) |
|------------|--|-------|-------------------------------|
| KIN 105 | Water Safety Instruction (spring only) | 2 | Min. age of 18 |

(Back to the Table of Contents)

Kinesiology Minor

Working with an academic advisor, students can select the electives that help to focus their minor program of study. Contact the Department of Kinesiology for academic advising.

University Graduation Requirements

To be awarded a minor, at least 12 units of coursework must be completely distinct and separate from the coursework in the major, and coursework for the minor must include a minimum of 6 upper-division units (University Policy S16-4). Minor preparation or support courses do not count toward the 12 distinct units. Of the coursework for the minor, at least 6 units must be completed in residence at SJSU. *The minimum aggregate GPA for all coursework required for the minor must be at least 2.0.*

Minor Requirements (18 units)

- 1. KIN 70 Introduction to Kinesiology 3 unit(s)
- 2. Complete one course from:
 - a. KIN 160 History of Sport and Physical Education 3 units
 - b. KIN 161 Philosophical Perspectives of Sport 3 units
 - c. KIN 164 Sociocultural Perspectives 3 units
 - d. KIN 167 Sports Psychology 3 units
 - e. KIN 168 Psychology of Coaching 3 units
- 3. Complete one course from:
 - a. KIN 155 Exercise Physiology 3 units
 - b. KIN 158 Biomechanics 3 units
 - c. KIN 165 Motor Development 3 units
 - d. KIN 166 Motor Learning 3 units
- 4. Three activity courses from three different movement areas approved by the advisor; these courses are in addition to the two-unit university graduation requirement 3 *units*
- 5. Two Kinesiology upper division electives approved by advisor 6 units

Total Units Required (18 units)

DEPARTMENT OF KINESIOLOGY

UNDERGRADUATE COURSE DESCRIPTIONS

| COURSE # | COURSE TITLE & DESCRIPTION |
|-----------|---|
| KIN 068 | Visual Representations of Sport in Popular Culture. Critical examination of visual representations of |
| | sport in popular culture. Facilitate a deeper understanding and appreciation of the artistic qualities that |
| | exemplify works of human creativity as related to sport. GE Area: C1. 3 units. |
| KIN 069 | Stress Management: A Multidisciplinary Perspective. The stress process and its relation to health, |
| | disease, lifestyle, and the sociocultural environment. Physiological, psychological, sociological, and |
| | environmental parameters of stress across the lifespan, emphasizing university resources and stress |
| | management strategies to enhance academic, personal, and social development. GE Area: E. 3 units. |
| KIN 70 | Introduction to Kinesiology. Explores the broad spectrum of kinesiology as an academic discipline, |
| | fundamental concepts and meaning of movement/physical activity, diversity of humans as moving |
| | beings, professional/career options, current issues, personal characteristics/professional responsibilities, |
| | Kinesiology at SJSU; initiates professional portfolio. Required for KIN major/minors only. Lecture 2 |
| | hrs/activity 2 hrs. 3 units. |
| KIN 100W | Writing Workshop. Advanced skills in writing. Development of writing style and creation of organized, |
| | persuasive and analytical prose. Generalized and specialized forms of writing. Prerequisites: KIN 70 for |
| | major/minors only or instructor consent. A3 or equivalent second semester composition course (with a |
| | grade of C- or better); Completion of core GE, satisfaction of Writing Skills Test or completion of ENGL |
| | 100A / LLD 100A with C or better; and upper division standing. SJSU Studies Z: Written Communication |
| | II. 3 units. |
| KIN 101** | Sport in America. The role of sport (recreational and professional) as a social, political and economic institution in |
| | American society. Critical examination of contemporary issues affecting sport and sport involvement by diverse |
| | cultural groups within American society. Prerequisite: Passage of the Writing Skills Test (WST) or ENGL/LLD 100A |
| | with a C or better (C- not accepted), completion of Core General Education and upper division standing are prerequisites to all SJSU studies courses. Completion of, or co-registration in, 100W is strongly recommended. GE: |
| | S. **Note: KIN 101 is not open to KIN majors or minors for major/minor credit. 3 units. |
| KIN 105 | Water Safety Instructor's Course. Designed to teach the basic concepts, skills, and knowledge for |
| | successful teaching in the American Red Cross aquatics program. The content and requirements are in |
| | accordance with the American Red Cross and criterion set for by the organization. Prerequisite: |
| | Minimum age of 18. Misc/Lab: Lecture 1 hr/activity 2 hrs. 2 units. |
| KIN 107 | Adapted Aquatics. Theories, techniques, and practice in the instruction of persons with disability as |
| | they function in the aquatic environment. Prerequisite: KIN 70 and KIN 156; passage of swim skills |
| | component required (must be able to swim 100 yards without stopping) or demonstrated by |
| | completing KIN 2A or KIN 105.Lecture 1 hr/Lab 2 hrs. 2 units. |
| KIN 108 | Adapted Physical Activity for Young Adults with Disabilities. Theories, techniques, and practices in the |
| | design of physical activity promotion for postsecondary transition students with disabilities. |
| | Prerequisite(s): KIN 70 and KIN 156 for majors/minors only or instructor consent. Lecture 1 hr/Lab 2 hrs. |
| | 2 units. |
| KIN 111 | Sport & Movement in a Global Context. Human expression through sport, games, and movement in |
| | cultures outside the US, and how those expressions have changed over time. Exploration of how |
| | sporting traditions in cultures outside the US have influenced US culture and society. GE Area: V |
| | Prerequisite:Passage of the Writing Skills Test (WST) or ENGL 100A / LLD 100A with a C or better (C- not |
| | accepted), completion of Core General Education and upper division standing are prerequisites to all |
| | SJSU studies courses. Completion of, or co-registration in, 100W is strongly recommended. 3 units. |
| | Note(s): All of SJSU Studies courses require completion of the WST and upper division standing. |
| | <u> </u> |

| KIN 145A | Physical Activity for Older Adults. Analyses of development and implementation processes of exercise |
|-----------|--|
| | programs for older adults. Prerequisite: KIN 70; open to KIN major/minors only or instructor consent. 3 |
| | units. |
| KIN 147 | Biomechanical Assessment of Movement. Designed to assist the student in becoming familiar and |
| | proficient with the Biomechanical methods and equipment for assessing human movement |
| | performance characteristics with the following goals: improving movement effectiveness, preventing |
| | injuries, and assessing rehabilitation progress. Prerequisite: KIN 158. Misc/Lab: Lecture 1 hour/activity 4 |
| | hours. 3 units. |
| KIN 149 | Child Health and Physical Activity. An integrative approach to understanding the multiple factors that |
| | impact children's health and physical fitness and that influence the development of lifelong habits. |
| | Emphasis is on the inter-relationships between health and fitness and cognitive, social, and emotional |
| | well-being. Prerequisite: CHAD 060 or instructor consent. 3 units. |
| KIN 151 | Sport and Fitness Marketing. Designed to apply marketing principles and processes to the sport and |
| | fitness industry. Content will focus on the sport and fitness product, consumer behavior, consumer |
| | satisfaction/dissatisfaction and the customer experience in sport and fitness organizations. Prerequisite: |
| | Kin 70 or instructor consent. 3 units. Fall only. |
| KIN 152 | Theory of Sport and Fitness Management. Basic theory of sport management. Topics include: sport |
| | management and organizational skills; sport marketing and sales; sport communication; sport finance; |
| | economics, law and governance. Prerequisite: Kin 70 for majors/minors only or instructor consent. 3 |
| | units. |
| KIN 153 | Sport Facility and Event Management. Provide students with the skills necessary to effectively manage |
| | sport and fitness facilities and events. Prerequisite: Kin 70; Kin 152 for sports management |
| | specialization, or instructor consent. 3 units. |
| KIN 154 B | ECG Interpretations and Graded Exercise Testing. Theoretical background and practical proficiency in |
| | the methods and instruments of electrocardiogram interpretations and graded exercise testing. |
| | Prerequisites: Kin 70; KIN 155 with grades of 'C-'or better in each. Misc/Lab: Lecture 2 hours/activity 2 |
| | hours. 3 units. |
| KIN 155 | Exercise Physiology. Physiological responses and adaptations of the human organism to physical |
| | activity. Prerequisites: Kin 70; Bio 66 and Chem 30A with a grade of 'C-' or better in each; approved GE |
| | Math Concept course. Open to majors/minors only. Misc/lab: Lecture 2 hours/activity 2 hours. 3 units. |
| KIN 156 | Introduction to Adapted Physical Activity. Focus on attitude change as well as knowledge, |
| | comprehension and application of human movement principles related to individuals with disabling |
| | conditions. Prerequisites: Kin 70 for majors/minors only or instructor consent. 3 units |
| KIN 157 | Physiological Assessment. Use of exercise physiology instrumentation to assess physiological |
| | characteristics of human performance, interpret results, and implement corrective strategies, when |
| | appropriate. Prerequisites: KIN 70; Chem 30A ('C-' min. grade); KIN 155 (C- min. grade). Misc/Lab: |
| | Lecture 1hr/activity 4 hrs. 3 units. |
| KIN 158 | Biomechanics. Relationship of structural and mechanical principles of the musculoskeletal system to the |
| | analysis of human performance. Prerequisite: KIN 070; BIOL 065 with a grade of 'C-' or better; approved |
| | GE Math Concept course. Open only to KIN majors/minors, or instructor consent. Misc/Lab: Lecture 2 |
| | hours/activity 2 hours. 3 units. |
| KIN 159 | Sport and Adapted Activities. Principles of kinesiology for adapting sport and activity for individuals |
| | with disabling conditions. Prerequisite: Kin 70 for majors/minors only or instructor consent. Misc/Lab: |
| | Lecture 2hrs/activity 2 hrs. 3 units. |
| KIN 160 | History of Sport and Physical Education. Historical survey of physical education and sport from |
| | primitive societies through classical and medieval periods to 19th-20th century. Development of sport, |
| | physical education, and recreation in the U.S. and factors affecting their growth. Prerequisite: Kin 70 for |
| | majors/minors only or instructor consent. 3 units. |
| | 1 , , |

| KIN 161 | Philosophical Perspectives of Sport. Emphasis on systems of philosophy, aesthetic and moral considerations, metaphysical fitness, and contemporary issues. Review of leading human movement theorists. Prerequisite: Kin 70 for majors/minors only or instructor consent. 3 units |
|----------|---|
| KIN 162 | Advanced Fitness Assessment and Exercise Prescription. In-depth study and analysis of the principles and techniques used in the assessment of physical fitness and health as well as the design of conditioning programs and physical activities. Prerequisite: KIN 070 (or equivalent) for majors/minors only and KIN 155, or instructor consent. Grade of 'C-' or better in KIN 070 and KIN 155. Misc/Lab: Lecture 2 hours/Activity 2 hours. 3 units. Fall only. |
| KIN 163 | Physical Fitness and Nutrition. Use of scientific principles, scientific investigation, and current technological advances to assess the relationship between diet, physical fitness, and disease. Examine scientific literature to evaluate the effects of nutritional intervention on exercise performance. Prerequisite: Passage of the Writing Skills Test (WST) or ENGL/LLD 100A with a C or better (C- not accepted), completion of Core General Education and upper division standing are prerequisites to all SJSU studies courses. Completion of, or co-registration in, 100W is strongly recommended. GE: R. 3 units. |
| KIN 164 | Sociocultural Perspectives. Sociocultural processes of sport and play in contemporary society. The study of phenomena arising out of group relations within the realm of kinesiology. Prerequisites: Kin 70 for majors/minors or Sports Journalism minors or instructor consent or lower division social science core GE. 3 units |
| KIN 165 | Motor Development . Motor development of the individual from birth to maturity. Emphasis upon motor behavior, needs, capacities and interest. Prerequisite: Kin 70 for majors/minors only or instructor consent. 3 units. |
| KIN 166 | Motor Learning. Concepts, principles, and theories of motor learning with application to physical activities. Prerequisite: KIN 70 or instructor consent; Bio 66 (C- or better). Lecture 2 hrs/lab 2 hrs. 3 units. |
| KIN 167 | Sports Psychology . See PSYC 167. Psychological aspects of sports, including the value of sports, psychological factors involved in competitive as well as non-competitive athletic activities, and the role of sports psychologists. Prerequisite: PSYC 1. 3 units. |
| KIN 168 | Psychology of Coaching. Social, clinical, child, measuring, industrial, personality, and organizational psychology and the practical application of the material to coaching. Prerequisite: KIN 70 for major/minors only or instructor consent. 3 units. |
| KIN 169 | Diversity, Stress and Health. Impact of structured inequalities on stress and health of diverse populations. Analysis of physiological/psychosocial health factors related to diversity, as well as behavioral interventions and social actions that mediate stress and optimize health and social justice. Prerequisite: Passage of the Writing Skills Test (WST) or ENGL/LLD 100A with a C or better (C- not accepted), completion of Core General Education and upper division standing are prerequisites to all SJSU studies courses. Completion of, or co-registration in 100W is strongly recommended. GE: S. 3 units. |
| KIN 170B | Field Experience Teaching. Practical experiences to satisfy certification requirement in off-campus or field-based programs. May be repeated for a maximum of 4 units. Prerequisites: KIN 70 or consent of instructor; concurrent enrollment in KIN 172, KIN 173, KIN 178 or KIN 179. Repeatable for credit. CR / NC grading. |
| KIN 172 | Elementary School Programs, K-6. Philosophy, principles, and activities of physical education appropriate for children. Prerequisites: KIN 70 or instructor consent; KIN 173. Misc/Lab: Lecture/activity 4 hrs. 3 units. Spring only. |
| KIN 173 | Introduction to Teaching Physical Education & Non-Traditional Sports. This course will introduce future physical educators to the profession of teaching and will include philosophies, ethics, and standards for teaching, legal and current issues, learning-communities, inclusion of non-traditional and global games and sport activities, and observations of effective teaching. Prerequisite: KIN 70 for majors/minors only or instructor consent. 3 units. Fall only. |

| KIN 174 | Assessment of Psychomotor Function. Basic procedural elements of informal observation, formal performance testing and direct measures of psychomotor function of individuals with disabling conditions. Prerequisites: KIN 70 and KIN 156 for declared majors/minors or instructor consent. 3 units. |
|---------|---|
| KIN 175 | Measurement and Evaluation in Kinesiology. Designed to develop an understanding of measurement and evaluation concepts and application relevant to assessment in the psychomotor, cognitive and affective domains. Activities include collection and computer analysis of data. Prerequisite: KIN 70 for majors/minors only or instructor consent; approved GE (B4) Math Concept Course. Misc/Lab: Lecture/activity 4 hrs. 3 units. |
| KIN 176 | Exercise Psychology. Examines the psychological determinants and consequences of exercise and physical activity. Analysis and critique of research and theory relevant to exercise adherence, motivation, self-efficacy, and attributional style. Practical applications of theoretical concepts. Prerequisite: PSYC 1. 3 units. |
| KIN 177 | Movement Experiences for Children. Physical Education K-6 curricular philosophy and activities appropriate for elementary school personnel; emphasizes the social, emotional, physical and skill development of children in the elementary school setting. Prerequisite: CHAD 60 or CHAD 67. Misc/Lab: Lecture 2 hrs/activity 2 hrs. 3 units. Fall only. |
| KIN 178 | Management Practices for Physical Education Teachers. Examines current practices for managing student behaviors, instructional technology legal regulations, and physical fitness needs as well as exploring adolescent development. Prerequisite: KIN 70 for majors/minors only or instructor consent; KIN 172, KIN 171A or concurrent enrollment and upper division standing. Misc/Lab: Lecture 2 hours/lab 2 hours. 3 units. Fall only. |
| KIN 179 | Design and Assessment of Movement Experiences. Integrate concepts from kinesiology, motor learning, motor development to address sequential movement experiences, including qualitative analysis and interactions with performer. Prerequisite: KIN 70 for majors/minors only or instructor consent; KIN 158, KIN 166 and KIN 178. Misc/Lab: Lecture/activity 4 hours. 3 units. Spring only. |
| KIN 180 | Independent Study. Individual work on special topics by arrangement with independent study advisor. Independent study through projects or directed reading related to the field of Kinesiology. Repeatable for a total of 6 units. Course may be repeated for credit for up to 6 units. Prerequisite: KIN 70 or instructor consent; minimum overall GPA 2.0. CR/NC/RP grading. 1-6 unit(s). |
| KIN 185 | Senior Seminar in Kinesiology. Active learning capstone course designed to synthesize students' undergraduate preparation, including internship experiences. Capstone course designed to integrate and synthesize students' knowledge and skills gained in their undergraduate preparation through active participation in the class and reflection on the internship experience; requires completion of a professional portfolio and a movement project. Prerequisites: KIN 70 majors/minors or instructor consent; 35 units of KIN upper division coursework. 1 unit. |
| KIN 187 | Clinical Exercise Physiology. Physiological principles applied to the prevention, management, and treatment of chronic health conditions. Focus on the pathophysiology, acute response to exercise, chronic training effects, and development of appropriate conditioning and training programs for chronic conditions. Prerequisite: KIN 70 (or equivalent) for majors/minors only or instructor consent; KIN 155; with grades of 'C-' or better in each. 3 units. |
| KIN 188 | Prevention and Care of Athletic Injuries. Prevention through safe equipment, facilities and protective strapping. Methods used to aid recovery. Prerequisites: KIN 70, BIOL 065 or BIOL 650 with a grade of 'C-' or better, or instructor consent. Misc/Lab: Lecture/activity 4 hours. 2 units. |
| KIN 189 | Prevention and Care of Athletic Injuries Laboratory. The laboratory course is designed to provide hands-on experience in the prevention and care of athletic injuries including preventative and supportive taping techniques, emergency management, and various hands-on experiences related to the prevention of activity related injuries. Prerequisites: KIN 70, KIN 188 or concurrent enrollment acceptable. 1 unit |

| KIN 191A | Advanced Assessment of Lower Extremity Injuries. An advanced course designed to develop knowledge |
|----------|---|
| | and skills in recognition, assessment, and medical referral of athletic injuries to the lower extremity, |
| | thoracolumbar spine, posture and gait. Activity sessions are designed to assist in the development of |
| | clinical assessment skills. Prerequisites: KIN 70, KIN 188, KIN 189. Open only to majors/minors or |
| | instructor consent. 3 units. Fall only. |
| KIN 191B | Advanced Assessment of Upper Extremity Injuries. An advanced course designed to further develop |
| | knowledge and skills related to recognition, assessment, and appropriate medical referral of athletic |
| | injuries to the upper extremity, abdomen, thorax, cervical spine, head, and general medical conditions. |
| | Activity sessions are designed to assist in the development of clinical skills necessary to accurately assess |
| | the above mentioned pathologies. Prerequisites: KIN 70; KIN 191A. Misc/Lab: Lecture 2 hours/activity 3 |
| | hours. 3 units. Spring only. |
| KIN 193 | Organization & Administration in Athletic Training. Theoretical and practical information concerning |
| | organization and administration of a modern athletic training program, including managerial styles, |
| | personnel, facilities/equipment management, budget, medical records, insurance issues, legal aspects, |
| | public relations, and other current topics in athletic training. Prerequisite: KIN 70 for majors/minors |
| | only or instructor consent; KIN 188. 2 units. Fall only. |
| KIN 194 | Therapeutic Exercise. Theoretical and clinical bases for the use of therapeutic exercise in rehabilitation |
| | settings; basic biomechanics, indications, contraindications, and proper application procedures of |
| | therapeutic exercise in athletic injury rehabilitation. Prerequisites: Pre/Co requisite: KIN 191A and KIN |
| | 191B. Misc/Lab: Lecture 2 hours/activity 2 hrs. 3 units. Fall only. |
| KIN 195 | Therapeutic Modalities . Theoretical, clinical aspects of therapeutic modalities in athletic rehabilitation. |
| | Course includes the physics and physiological effects, indications and contraindications, as well as |
| | application procedures of various therapeutic modalities. Prerequisites: KIN 70 for majors/minors only |
| | or instructor consent, KIN188, and upper division standing. Misc/Lab: Lecture 2 hours/activity 2 hours. 3 |
| | units. Spring only. |
| KIN 198 | Internship in Kinesiology. Practical experiences in a professional work setting. Experiences will include |
| | exercise testing and evaluation, exercise prescription and program design, leadership, and fitness |
| | program administration. Maximum of 6 units may be repeated for credit. Prerequisites: Upper division |
| | status; minimum overall GPA 2.0; KIN 70 or instructor consent. Kinesiology Internship Manager approval |
| | required. CR/NC/RP grading. 1-6 units |

KINESIOLOGY EDUCATION – UPPER DIVISION COURSES (including post-bacc and credential)

| COURSE# | COURSE TITLE & DESCRIPTION |
|-----------|--|
| KNED 184Y | Student Teaching II: Classroom Teaching. Minimum 80-120 class periods of classroom, teaching |
| | laboratory or field teaching in appropriate single subjects, grades K-12 and related teaching activities |
| | and seminar. Prerequisites: Joint approval of major and Education departments. Repeatable for credit. |
| | CR/NC. 4-6units. |
| KNED 184Z | Student Teaching III: Classroom Teaching. See KNED 184Y. May be different subject/school and will be |
| | at a different grade level. Repeatable for credit. CR/NC grading. 4-6 units. |
| KNED 189 | Student Teaching Seminar in Adapted PE. KIN 107, KIN 108, KIN 156, KIN 159, and KIN 174. Adapted |
| | physical education added authorization (APEAA) candidates only. Candidates concurrently enrolled in |
| | teaching credential programs or who have already earned a base credential only. 2-5 units. |
| KNED 339 | Instructional Materials and Procedures in Physical Education. Application of theories of learning and |
| | principles of teaching to the selection of instructional procedures to be used in physical education. |
| | Practical experience provided. Prerequisite: KIN 172 and KIN 179 and department teacher education |
| | approval. Notes: Physical education majors and minors only. Misc/Lab: Lecture/activity 4 hours. 3 units. |

Department of Kinesiology <u>Undergraduate Program Learning Outcomes (UPLO)</u>

Key principles: critical understanding and application of research and scholarship in the field of kinesiology; communication skills; movement competence; sustainability; diversity and social justice

Upon completion of a Bachelor of Science degree program in the Department of Kinesiology, students will be able to:

- Explain, identify, and/or demonstrate the theoretical and/or scientific principles that can be used to address issues or problems in the sub-disciplines in kinesiology.
- Effectively communicate in writing (clear, concise and coherent) on topics in kinesiology.
- Effectively communicate through an oral presentation (clear, concise and coherent) on topics in kinesiology.
- Utilize their experiences across a variety of health related and skill-based activities to inform their scholarship and practice in the sub disciplines in kinesiology.
- Identify and analyze social justice and equity issues related to kinesiology for diverse populations.
