

# Statistics-Based

Students pursuing a social science and some science majors (degree programs) will take an elementary statistics college course. SJSU offers five different elementary statistics courses students can choose from. Students are able to enroll in a supported elementary statistics course depending on their math enrollment category.

## MAJORS

- Health Sciences
- Nursing
- Environmental Science
- Economics
- Psychology
- Sociology
- Justice Studies

## POTENTIAL CAREERS

- Biostatistician
- Health Data Analyst
- Market Researcher
- Critical care
