Listening to different viewpoints can provide myriads of opportunities for intellectual and personal development and growth.

Classroom Protocol

1. "Netiquette" -- Please use these general guidelines when emailing me and/or when posting on the class discussion boards. When emailing your professor (me):

-- Indicate your class in the subject line of your email (e.g., PSYC 170)

-- Please address me by my formal title, (e.g., Professor or Dr. Rattan) and not MRS. Rattan or Hey! When you send emails to your instructors, it is a "formal" mode of communication. So, it is good practice for you to write your emails as you would if you were sending any type of professional/formal email.

-- Allow at least 24-48 hours for a reply from me.

-- Do Email Me in Advance to:

-- Set up an individual Zoom/phone appointment to talk with me during my regular office hours or outside of my regular office hours if your schedule conflicts with them

-- Inform me of any emergency/medical/family situation that may affect your ability to complete a course activity/assignment/quiz BEFORE the due date.

-- Do not email me to ask when due dates are for activities/assignments/quizzes. Those are all listed on your course schedule and can be easily found there.

- **Students are expected to turn in their own individual work independently without any outside help of any kind like** artificial intelligence tools like ChatGPT for your assignments. Your originality, your creativity and your distinctive style may be lost when you over rely on Apps such as ChatGPT. **If you choose to use generative AI tools in violation of this policy please remember that:**
- AI tools are typically trained on limited datasets that may be out of date. Further they have been trained on datasets that contain assumptions and will replicate those ways of thinking about the world. Hence these platforms are bias laden. Consequently, critical thinking strategies are of paramount importance when engaging with AI-generated text.
- they rely on language patterns to predict what an answer to a prompt should look like and hence are not geared to "thinking" about the right response in a way a student would.
- there is "AI hallucination", which means AI will make up things that seem convincing but are not.
- additionally, generative AI datasets are trained on pre-existing material, including copyrighted material; therefore, relying on a generative AI tool may result in plagiarism or copyright violations.
- the goal of generative AI tools is to produce content that seems to have been produced by a human, not to produce accurate or reliable content; therefore, relying on a generative AI tool may result in your submission of inaccurate content.

- it is your responsibility—not the tool’s—to assure the quality, integrity, and accuracy of work you submit in any college course.
- you will need to check for accuracy, statistics, citations, data which is generated by AI.
- as specified elsewhere in the syllabus, this course may require electronic submission of essays, papers, or other written projects t

-There will a 15 point deduction if your paper has a plagiarism score and AI generated material score exceeding 10-15%.

e. **Late work Policy (for assignments, quizzes & exams):** Five percent will be taken off from your grade per day for work submitted up to a week late. Work that is late by more than a week will not be accepted.

f. No credit will be awarded for emailed.

g. This course will follow this syllabus to the extent However, timing, and specific nature of topics and activities may change. In case of any such changes, these will be clearly stated and mentioned in class. You are responsible for noting down any changes made to the class syllabus.

h. This course will follow this syllabus to the extent possible. However, timing, and specific nature of topics and activities may change. In case of any such changes, these will be clearly stated and mentioned in class. You are responsible for noting down any changes made to the class syllabus.

i. **Regarding letter of recommendation-**only students who have taken a minimum of 3 classes with me and earned a grade of A in each of these classes will be considered for a letter of recommendation.

j. Discussion boards posts -- When posting on the course discussion boards, please be respectful of one another’s opinions/beliefs/observations even when they are different or conflict with your own. It is expected that we ALL behave with respect and tolerance for each other, despite any differences we have. Please refrain from any personal attacks, insults, etc. I hope the Discussion board posts will be a place where we can all feel comfortable to interact with another and engage in thoughtful “conversation” as a class.

k. **Make up exams:** You will be allowed to reschedule an exam only under extraordinary and well-documented circumstances. **It is your responsibility to notify me before the date of the exam**, either via email or by leaving me a voicemail including your name, and telephone number. a make-up without appropriate written documentation will result in partial credit (i.e., points will be deducted). If you are not able to obtain such documentation and you have a serious and extenuating circumstance that has prevented you from fulfilling a requirement as scheduled, notify me as soon as possible. Depending on the circumstances, you may be allowed a make-up. If you have any questions/issues regarding any of these policies, please email me directly to discuss them.

- **GELO #3:** Evaluate social actions which have or have not led to greater equality and social justice in the U.S.
- **GELO #4:** Engage in constructive interactions about social issues in the S. within the framework of equality and inequalities.
- **GE Course Content Learning Outcomes**

All courses in Area S of SJSU studies must also include the following

Content Objectives to promote the above student learning outcomes:

Diversity -- Issues of diversity shall be incorporated in an appropriate manner.

Writing -- Written assignments should include both in-class and out-of-class writing, giving students practice and feedback throughout the semester. A minimum of 3000 words of writing is required in a language and style appropriate for the discipline.

Civic learning -- Courses shall address the civic relevance of the topic in an appropriate manner.

Values clarification -- Students should demonstrate their ability to articulate and discuss their values, understand the source of those values, and engage in civil discourse.

Activity / Assignments

This course entails providing a suitable environment for exploring ideas. Many controversial issues will be discussed, you will be presented with a plethora of information, and you are to examine the information in a matured and thoughtful manner. Each student will turn in the following written assignments:

Interview Assignment (Worth 55 points): Your assignment is to choose someone from a target group to interview about their personal experiences with prejudice, discrimination, inequality, tolerance, etc. The interview should focus on their perspective as a target group member, e.g., person of color or gay/lesbian or person with a disability, or person with multiracial identity, etc.

To prepare to for the interview, I will provide you with a written guide to doing a good interview. In addition, you should find, read, and discuss in your paper at least 3 journal articles of your choice. In this discussion, *it is important for you to describe how the content and/or findings of these articles are relevant to the experiences of the person you are interviewing.*

You should include discussion of these relevant articles in the Introduction and/or Discussion sections of your interview paper (see description of these sections below).

The person you interview may or may not be a relative or friend of yours. Arrange a time free from interruptions and other people in a setting comfortable for the person being interviewed. Take careful notes during the interview or tape it (with permission from the person being interviewed) and review it later.

Given the current conditions, you may conduct your interview using Zoom, Facetime, or any other app that will allow you to “see” your interviewee and observe his/her non-verbal behaviors as well as have a “real” conversation with him/her. It is helpful to email your interview questions to your interviewee BEFORE you meet for your scheduled interview session. Having time to look over the interview questions helps the interviewee generate more thoughtful/detailed answers to your interview questions.

You will turn in a 5-page typed, double-spaced report (minimum 12 pt. font and 1-inch margins) of the interview and your reactions. The written report should include the following 4 sections and will be worth a total of 50 points:

Introduction – should explain who you choose and why; his/her relationship with you. Also discuss the relevance of any other socio-demographic variables that may have contributed to any prejudice/discrimination your interviewee has experienced.

Methodology – this includes setting, procedures, etc.; who was present; whether you taped, took notes, etc. Any unusual aspects e.g., their sister joined half-way through. In other words, anything that might influence your findings.

Findings – content of the interview, i.e., questions and responses (you can do in a in a question/response format). Also include yours and the subject's responses to the interview, include your emotional responses as well as your cognitive responses.

Discussion – This paper must contain at least 3 references from empirical articles to support your findings. These articles must come from peer-reviewed journals. Discuss class readings and/or class lectures about prejudice and their relevance to your findings in this interview.

Work Cited Page – Cite references as per the APA format. Interview Report is due on **10/7/2024** and is to be dropped in the assigned Dropbox folder on Canvas by 11:59p.m.

Rampant Sexism in the Media and Workforce: This paper is worth 25 points and is **due on 10/23/2024**, in the assigned Dropbox folder on Canvas by 11:59 p.m. Further details about writing this paper will be provided in class as well as posted under Module 1 on canvas.

"Examining Efficacy of Strategies Adopted for Prejudice Reduction": This assignment is worth 45 points. Students will examine their own stereotypes and prejudices toward another social group and explain how these prejudices developed and enumerate three strategies drawn from your reading of the class material and class discussions, they believe would be successful in countering their negative stereotypes and prejudices and explain why these strategies would be effective. Further details about writing this paper will be provided in class as well as posted under Module 1 on canvas. This paper is **due on 12/6/2024** in the assigned Dropbox folder on Canvas.

Quizzes/Examination(s) of Student Learning

There will be three take-home quizzes, one quiz worth 20 points and other two quizzes each worth 25 points each and a final exam also worth 55 points.

Questions will include multiple-choice, and True/False questions.

Quiz	Due Date	Chapters
------	----------	----------

However, a longer loss of connectivity or weak/unstable connection may jeopardize your exam.

*Other technical difficulties: Immediately email the instructor a current copy of the state of your exam and explain the problem you are facing. Your instructor may not be able to respond immediately or provide technical support. However, the copy of your exam and email will provide a record of the situation. Contact the SJSU technical support for Canvas at: ecampus@sjsu.edu; Phone: 408 924-2337

University Policies

Per [University Policy S16-9](#), relevant university policy concerning all courses, such as student responsibilities, academic integrity, accommodations, dropping and adding, consent for recording of class, etc. and available student services (e.g. learning assistance, counseling, and other resources) are listed on [Syllabus Information web page](https://www.sjsu.edu/curriculum/courses/syllabus-info.php) (<https://www.sjsu.edu/curriculum/courses/syllabus-info.php>). Make sure to visit this page to review and be aware of these university policies and resources.

General Expectations, Rights and Responsibilities of the Student

As members of the academic community, students accept both the rights and responsibilities incumbent upon all members of the institution. Students are encouraged to familiarize themselves with SJSU policies and practices pertaining to the procedures to follow if and when questions or concerns about a class arises. See University Policy S90-5 at <http://www.sjsu.edu/senate/docs./S90-5.pdf>. More detailed information on a variety of related topics is available in the SJSU catalog, at <http://info.sjsu.edu/web-dbggen/narr/catalog/rec-12234.12506.html>. In general, it is recommended that students begin by seeking clarification or discussing concerns with their instructor. If such conversation is not possible, or if it does not serve to address the issue, it is recommended that the student contact the Department Chair as a next step.

Attendance and Participation

Attendance per se shall not be used as a criterion for grading. However, students are expected to attend all meetings for the courses in which they are enrolled as they are responsible for material discussed therein, and active participation is frequently essential to ensure maximum benefit to all class members. In some cases, attendance is fundamental to course objectives; for example, students may be required to interact with others in the class. Attendance is the responsibility of the student. Participation may be used as a criterion for grading when the parameters and their evaluation are clearly defined in the course syllabus and the percentage of the overall grade is stated. The full policy language can be found at <http://www.sjsu.edu/senate/docs/F15-3.pdf>

Timely Feedback on Class Assignments

Per [University Policy F13-1](#), all students have the right, within a reasonable time, to know their academic scores, to review their grade-dependent work, and to be provided with explanations for the determination of their course grades.

Accommodation to Students' Religious Holidays

[University Policy S14-7](#) states that San José State University shall provide accommodation on any graded class work or activities for students wishing to observe religious holidays when such observances require students to be absent from class. It is the responsibility of the student to inform the instructor, in writing, about such holidays before the add deadline at the start of each semester. If such holidays occur before the add deadline, the student must notify the instructor, in writing, at least three days before the date that he/she will be absent. It is the responsibility of the instructor to make every reasonable effort to honor the student request without penalty, and of the student to make up the work missed.

Dropping and Adding

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Refer to the current semester's Catalog Policies section at <http://info.sjsu.edu/static/catalog/policies.html>.

Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage at http://www.sjsu.edu/provost/services/academic_calendars/. The Late Drop Policy is available at

<http://www.sjsu.edu/aars/policies/latedrops/policy/>. Students should be aware of the current deadlines and penalties for dropping classes. Information about the latest changes and news is available at the Advising Hub at <http://www.sjsu.edu/advising/>.

Consent for Recording of Class and Public Sharing of Instructor Material

University Policy S12-7, requires students to obtain instructor's permission to record the course and the following items to be included in the syllabus:

"Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor's permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material."

It is suggested that the greensheet include the instructor's process for granting permission, whether in writing or orally and whether for the whole semester or on a class-by-class basis.

In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.

"Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent."

For this class, each class session will be recorded via zoom, this is solely for the purpose allowing students in this class to have access to the lecture in case they missed a class. The recorded lecture will be shared with students who are enrolled in this class.

Academic Integrity

Your commitment as a student to learning is evidenced by your enrollment at San Jose State University. The University Academic Integrity Policy S07-2 at <http://www.sjsu.edu/senate/docs/S07-2.pdf> requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The Student Conduct and Ethical Development website is available at <http://www.sjsu.edu/studentconduct/>.

Instances of academic dishonesty will not be tolerated. Cheating on exams or plagiarism (presenting the work of another as your own, or the use of another person's ideas without giving proper credit) will result in a failing grade and sanctions by the University. For this class, all assignments are to be completed by the individual student unless otherwise specified. If you would like to include your assignment or any material you have submitted, or plan to submit for another class, please note that SJSU's Academic Integrity Policy S07-2 requires approval of instructors.

Campus Policy in Compliance with the American Disabilities Act

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 at http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf requires that students with disabilities requesting accommodations must register with the Accessible Education Center (AEC) at <http://www.sjsu.edu/aec> to establish a record of your disability.

In 2013, the Disability Resource Center changed its name to be known as the Accessible Education Center, to incorporate a philosophy of accessible education for students with disabilities. The new name change reflects the broad scope of attention and support to SJSU students with disabilities and the University's continued advocacy and commitment to increasing accessibility and inclusivity on campus.
