

# Teaching Students with Autism Spectrum Disorders Section 81

## EDSE 218D

Spring 2025 Fully Online 3 Unit(s) 01/23/2025 to 05/12/2025 Modified 01/22/2025

### Contact Information

---

Instructor: Dr. Sara Caniglia Schulte

Email: [sara.canigliaschulte@sjsu.edu](mailto:sara.canigliaschulte@sjsu.edu)

Office: SH 217

#### Office Hours

The hour prior to in person class

Tuesday, Wednesday, 3:00 PM to 4:00 PM, SH 217

[Or make an appointment anytime. \(https://calendar.app.google/7Fij5CmwtXMHGtSN8\)](https://calendar.app.google/7Fij5CmwtXMHGtSN8)

### Course Information

---

This course is completely online. Students should have access to the internet to view course materials and submit assignments. Course materials including the syllabus, handouts, notes, assignment instructions, etc., are found on Canvas Learning Management System at <http://sjsu.instructure.com>. Students are responsible for regularly checking with the messaging system through MySJSU at <http://my.sjsu.edu> and their SJSU email account to learn of any updates.

#### Online Asynchronous

Weekly Modules Open Every Monday

### Course Description and Requisites

---

Theoretical foundations and application of evidence-based best practices for students with ASD including social language interventions, social stories, integrated playgroups, positive behavior support, self-advocacy skills, recreation and leisure skills, collaboration with parents and siblings, and special interventions for young children. The course emphasizes inclusive education for students with ASD.

Prerequisite(s): Department or Instructor Consent.

Letter Graded

## Program Information

---

### LCOE Department of Special Education Mission

We prepare candidates to be transformative leaders in the field, and lifelong learners who respond to racism, ableism, bigotry, and prejudice in their schools and communities. To this end, we center anti-racist and anti-ableist policies and practices in our teaching, research, and service to disrupt systemic racism that has historically prevented full inclusion and equity for students with disabilities including our BIPOC (Black, Indigenous, People of Color) students, staff, and faculty. We engage culturally sustaining pedagogies and the principles of UDL in our coursework and fieldwork, partnering with our local districts to push for the success of students with disabilities in inclusive settings.

### LCOE Department of Special Education Program Learning Outcomes

- **PLO 1** Assess and identify the educational needs and strengths of students with disabilities from diverse socioeconomic, cultural and linguistic backgrounds.
- **PLO 2** Critically evaluate pedagogy, curricula and instructional materials grounded in quality indicators of evidence-based practices for students with disabilities.
- **PLO 3** Plan, design, implement, and monitor linguistically and culturally appropriate instruction that meets the unique needs of students with disabilities.
- **PLO 4** Apply knowledge of the purpose, characteristics, and appropriate use of different types of assessments used for special education eligibility, placement, and service selection.
- **PLO 5** Utilize research-based knowledge and theoretical, conceptual and evidence-based practices related to individuals with disabilities to improve services and instruction in the field.

## Course Goals

---

Program Learning Goals

PLO 1. Assess and identify the educational needs and strengths of students with disabilities from diverse socioeconomic, cultural, and linguistic backgrounds.

## Course Learning Outcomes (CLOs)

---

Upon successful completion of this course, students will be able to:

1. Articulate the unique characteristics and core challenges of learners with autism spectrum disorders and the impact of these characteristics and challenges on student success in the general curriculum.

2. Implement evidence-based instructional strategies as put forth by the National Professional Development Center on Autism Spectrum Disorders for teaching students with autism spectrum disorders in a variety of settings including, antecedent based interventions, visual supports and schedules, video modeling, peer mediated interventions, and social narratives.
3. Implement systematic instruction and discrete trial training, including task analysis, appropriate data collection measures, and prompting and reinforcement systems, and will be able to use these systems so that students with ASD are successful in academic and community settings.
4. Demonstrate understanding of strategies to foster the development of appropriate social communication skills in students with ASD.
5. Implement a variety of communication supports for students with ASD and understand the basic constructs of a Picture Exchange Communication System.
6. Discuss the immediate and long-term impact of ASD on families across the lifespan as well as articulate best practices for working with families including person-centered planning and self-advocacy, communication and collaboration, family training, and multicultural perspectives.
7. Explain their roles as special education professionals in program planning and service delivery, demonstrate collaboration skills with families and other professionals, and deliver professional development
8. Establish collaborative strategies for inclusive education, modify general education curriculum and instruction for individuals with ASD included in general education and employment settings, and develop strategies for students with ASD to participate in all aspects of the education community.

## Course Requirements and Assignments

---

### Professional Development Presentations

As an Education Specialist, you will be called upon many times to share your expertise on ASD. To prepare for your role as a specialist, you will create a short professional development presentation that could be used in your fieldwork placement setting. Each student will present on a topic that focuses on supporting students with ASD and provide a one-page handout to share with your colleagues that highlights the key topics and insights from your presentation. (40 Points)

## Intervention

You will design an individualized, comprehensive intervention plan for a target student. This assignment is broken down into four steps worth a total of 100 points.

## Midterm

You will complete an assessment based on information from Modules 1-8. (24 Points)

## Social Skills Intervention Paper

Developing strong social skills can be a significant challenge for students with autism. Our job is to teach students how to appropriately engage with others and follow the unspoken rules needed to become independent adults. For this assignment, you will define a target social behavior for your target student, and determine an appropriate intervention to address the behavior using research to support your decision. (50 Points)

## Final Exam

You will complete a final assessment based on the information from this course. (25 Points)

## ✓ Grading Information

---

A = 92 – 100%

A- = 90 – 91%

B+ = 88 – 89%

B = 82 – 87%

B- = 80 – 81%

C = less than 80%

## University Policies

---

Per [University Policy S16-9 \(PDF\)](http://www.sjsu.edu/senate/docs/S16-9.pdf) (<http://www.sjsu.edu/senate/docs/S16-9.pdf>), relevant university policy concerning all courses, such as student responsibilities, academic integrity, accommodations, dropping and adding, consent for recording of class, etc. and available student services (e.g. learning assistance, counseling, and other resources) are listed on the [Syllabus Information](https://www.sjsu.edu/curriculum/courses/syllabus-info.php) (<https://www.sjsu.edu/curriculum/courses/syllabus-info.php>) web page. Make sure to visit this page to review and be aware of these university policies and resources.
