

What happens when I tap to mint a POAP?

First, you will receive a notification on your phone.

When you tap the notification, you will be taken to a webpage where you can enter either your email address OR the address or ENS name of your existing Ethereum account.

Collect this POAP

If you provide an Ethereum account, then the POAP will be minted immediately to that account, at which point you are done.
You have successfully minted your POAP!

If you provide an email address instead, a POAP will be reserved for you at this email address!
You will receive an email message with two options, which you can use to mint your POAP at any time.
